# ACCUSLICE-100PC-1A

## Average Speed:

Up To 1,500 Products Per Hour

## Function:

This high-production inline machine is designed to cut pizza, lasagna, or quesadilla at high speed. The model features a single product lane and can be customized to cut round, rectangle, or square products. Change over between products is quick and easy. This machine is great for any production facility cutting a large quantity of frozen pizza, lasagna, or quesadilla products.

## Benefits

- Achieve a return on investment through labor savings and improved portion quality and consistency
- Perfectly portion products every time in a high volume production process
- Slices round, rectangular, or square products
- Accessories and blade sets require minimal change over time to slice new products
- Efficient design to fit in locations with limited space
- Reliable and durable equipment backed by manufacturer's warranty

## High Speed Single Shot Portioning

## Power:

## Product Size Ranges:

Round - 16 in (40.6 cm) Diameter  
Rectangle - 16 in x 24 in (61 cm)  
Height - 3 in (7.6 cm) Tall

## Portion Size Ranges

Depends On Product

FoodTools machines are manufactured with heavy duty anodized aluminum, stainless steel, and ultra-high molecular weight plastic. The equipment is designed for complete wash down requirements in production facilities.

Specifications are subject to change and are dependent on the product portioned or additional accessories to standard equipment.
