ACCUSONIC-200

Large Production Ultrasonic Cutting

ACCUSONIC-200

Average Speed:

Up To 360 Products Per Hour

Function:

These high speed ultrasonic slicing machines are built to cut various sticky, delicate, and hard to slice products. The models use a conveyor surface or in the box/pan holders to cut half or full sheet products. The 200 series features 2 ultrasonic cutting stations to increase production. Bakeries slicing more than 2 full sheets per minute use this machine.

Machine Models

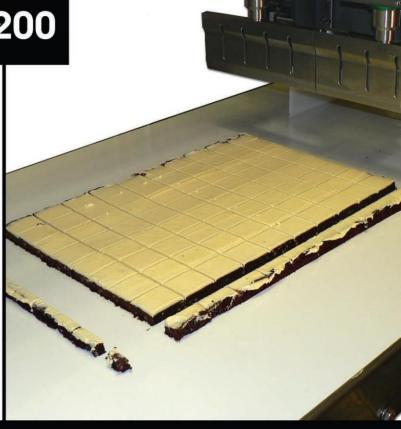

ACCUSONIC-200HS - Half Sheet Cutting ACCUSONIC-200FS - Full Sheet Cutting
