

CP-1F

Full Sheet Product Press

FOODTOOLS
Industry Leaders in Portion Control

CP-1F

Average Speed:

Up To 180 Products Per Hour

Function:

This model is designed to press and pack crumbs into the bottom of a full sheet pan quickly and with consistent pressure. The machine can hold 1 full sheet pan or a combination of half sheets, quarter sheets, or flexible molds per cycle. In addition to pressing crumbs the machine can be used to flatten other products like Rice Krispie bars, breakfast bars, flapjacks, and more. The machine is designed to reduce labor cost and improve product quality and is best for bakeries pressing crumbs into more than 100 pans per run.

Benefits

- Achieve a return on investment through labor savings and improved press quality and consistency
- Evenly press crumb and product across the entire sheet every time
- Reduce strain on employees from hand pressing and rolling products
- Reliable and durable equipment backed by manufacturer's warranty

Full Sheet Product Press
