

TC-1

Flat Bread, Pita, Tortilla Slicing

FOODTOOLS®
Industry Leaders in Portion Control

TC-1

Average Speed:

Up To 2,000 lbs Per Hour

Function:

This model is an economical machine to quickly cut tortilla or pita products into wedges. Stacks up to 10" can be placed in the machine and in one pass will be cut into a set number of portions. The sliced product can drop into a box, bag, or onto a conveyor. This is a great machine for any tortilla or pita production line cutting round products into wedges.

Benefits

- Achieve a return on investment through labor savings and improved portion quality and consistency
- Perfectly portion flat bread products every time no matter what
- Remove the need for employees to use knives to cut chips
- Slice wedges or rectangles from flat bread
- Small and compact design is perfect for locations with limited space
- Reliable and durable equipment backed by manufacturer's warranty

Flat Bread, Pita, Tortilla Slicing
