

ADVANCED DOUGH DIVIDER

- **The Most Efficient Dough Divider Available for Bread and Specialty Doughs**
- **Unmatched Reliability and Scaling Accuracy**

Features & Benefits

Most Accurate Scaling available through advanced extrusion technology

- Increased product yield
- Reduced waste
- Improved product uniformity
- Consistent scaling accuracy over the life of the divider - 15 years or more*

Reduced Operating Cost

- No divider oil required with the ADD, which reduces operating and sanitation cost
- Efficient design with few moving parts for reduced maintenance cost
- Rotary drive design provides a service life 3-4 times that of conventional dividers

Increased Productivity and Flexibility

- Increased operating speeds up to 300 cuts per minute can increase your hourly production yield
- Wide range of dough piece sizes without downtime for divider modifications
- Long, continuous runs for days at a time without downtime for cleaning or maintenance adjustments can increase profits per unit

Improved Automation

- Operator interface-based recipe management system is provided for automated divider setup and downstream equipment setup
