

Set-up and Connection

TECHNICAL DATA

El. data:.....see electric documentation

Moulding table level 1

Conveyor belt width:.....650 mm
 Moulding plate length:.....1 x 1180 mm
 Moulding plate width:.....650 mm
 Moulding channel height.....0-40 mm
 Longitudinally moulded
 dough piecemax. 500 mm

Moulding table level 2

Conveyor belt width:.....850 mm
 Moulding plate length:.....1700 mm
 Moulding plate width:.....800 mm
 Moulding channel height.....0-60 mm
 Longitudinally moulded
 dough piecemax. 600 mm (150 g)/ max. 730 mm (200 g)
 Product weight.....45 - 200 g (depending on the moulding board)
 Number of rows.....1
 Capacity.....3000-4000 pieces/h at 80 g/piece
 Weight
 BSM.....760 kg
 Transfer conveyor.....70 kg
 Noise levelLeq = 74 dB(A)

Dimensions.....see dimension sheet
