

ROTARY KNIFE DIVIDER/FORMER™ MODEL RK2100

SINGLE BANK BAGEL DIVIDER AND FORMER

AM Manufacturing, the company that pioneered the bagel industry, is proud to introduce the MODEL RK2100 ROTATING KNIFE DIVIDER/FORMER combination. Possessing a scaling range of 1 to 7 ounces, this unit enables you to accurately divide and form up to 4800 bagels per hour depending on size. Easier clean-up and maintenance are only two of the many outstanding features of this model. Made in the U.S.A and designed with rugged reliability in mind.
