

DIVA HYDRAULIC DIVIDER

ROUND

Round tank 20 divisions
Ø 490 mm (≈ 19.29 in)

SQUARE

Square tank 20 divisions
360 x 480 mm
(≈ 14.17 × 18.90 in)

STANDARD version

- **Aluminium tank:** no rust which means better hygiene
- **High density food-grade plastic dividing blocks:** non stick surface to avoid too much flouring
- **The underneath of the lid and cutters in stainless steel:** stable and high resistance for long life of the machine
- **Lid locking pin in tempered steel in a T shape:** ensures a nice flattening of the lid to avoid leakage of the dough with guaranteed long life
- **Assistance of lid opening without spring:** lid assistance by gas jack smoothed at the end of opening to limit the shocks and without risk of breakage nor fall of the lid
- **Fast descent of the tray:** descent of the tray in 2 seconds stopwatch for a reduction of the time-outs of the baker
- **Clean-up system:** allows the access to the knives by a simple action for cleaning
- **Optimized working ergonomics:** controls and lids at hand and working position as closely as possible to the tank for a comfort of greater work and to optimize the time of cycle
- **Side handles:** allow a movement of the machine without efforts while insuring the protection of controls
- **Powerful handle of lid:** important and ergonomic lever arm and reduction of the tightening for an effective use without efforts
- **Removable blocks by simple pin:** it allows a simple and fast dismantling to facilitate the maintenance of the machine
- **Very clear interior of the machine:** avoid at the most the zones of retentions and facilitates the maintenance of the inside of the divider
- **Side doors access:** allows to reach quickly and simply the inside of the machine while being secured by a locking key
- **Automatic release of knives (without holds)**
- **Eco-Start system:** hydraulic pump working only in phase press or division for an energy saving and a reduction of sound transmissions
